

3noNETWORKING

www.3noNetworking.com

Please join us for the 3No Networking business mixer. Members of the business community and interested citizens are invited to drop in and meet each other in an informal setting. Share thoughts, collaborate on ideas, create synergy, combined efforts, talk about your business's needs, find resources, leverage neighboring assets (skills, education, training, research), put yourself out there, be involved. You can do all, or none of these, at the next 3No Networking mixer! "It's a wide open forum designed to cultivate interaction and networking opportunities for Auburn businesses and organizations," said Doug Lein, IPZ Administrator. "It has no agenda, no set purpose and no membership dues, that's why we call it 3No Networking." Mixers are held weekly from 5:30PM-7:30PM, and the location rotates through several Auburn venues.

The goal of Auburn's Innovation Partnership Zone is to create an environment that supports economic growth by connecting individuals, businesses, workforce training and research, in order to cultivate new technologies, marketable products, company formations, and job creation. The 3No Networking series is made possible by the Urban Center for Innovative Partnerships (WA State IPZ #15-Auburn), the City of Auburn Office of Economic Development, Auburn Area Chamber of Commerce and the Auburn Downtown Association. To learn more about the IPZ, or 3No Networking, contact Doug Lein at (253) 804-3101.
