### Driving Directions

From I-90 east, take Exit 17 for Front Street and head south through the picturesque old downtown. 2.8 miles from the exit, find the new parking lot.

For alternative parking you could check the Issaquah High School lot. The entrance is 0.3 miles north on Second Ave SE. There are several sections to the lot, and some sections are marked on the pavement "Staff Only." Try to find a slot in an unrestricted area.
