

# Save money and energy

PSE LED Lighting and Demonstration Fair  
 1 East Main Street, Auburn, WA  
 Second Floor  
 Monday, April 25th 2016  
 9:00am - 3:00pm

The lighting in your home can represent up to 20 percent of your energy use. One of the easiest and most inexpensive ways to save energy is to switch to ENERGY STAR® light emitting diode (LED) bulbs.

Product selection subject to change. Offer good while supplies last. Sales tax not included in pricing.
