

# YourGOV Submit Request: Apple

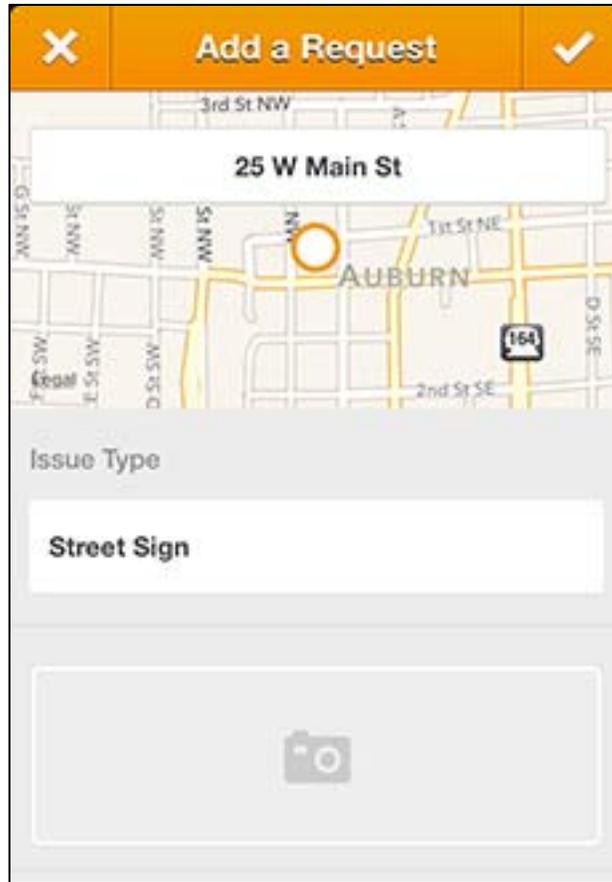

1. Launch YourGOV from your Apple device.

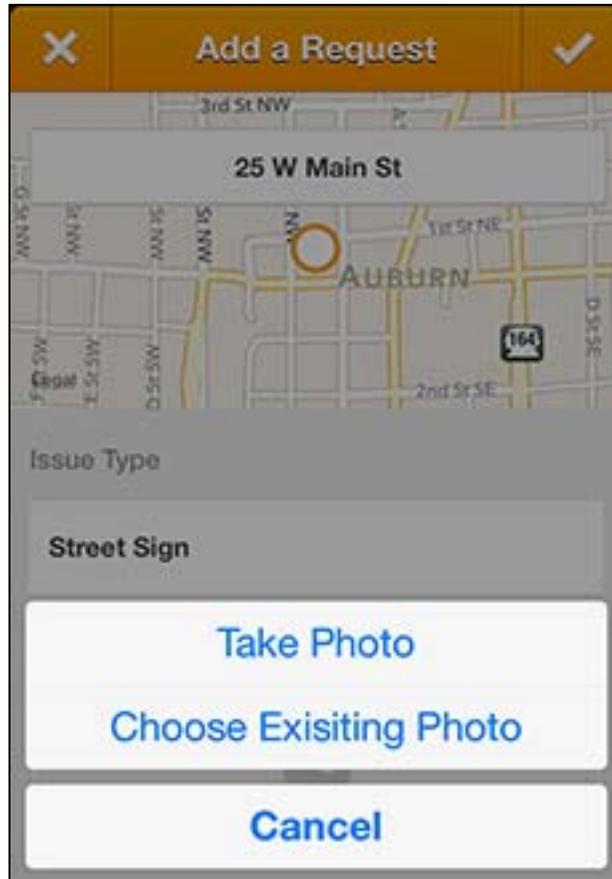

2. Find the location of your request by one of three methods:
  - a. Tap the magnifying glass and type an address into the search bar.
  - b. Double tap on the map until it zooms to the location you want.
  - c. Tap the GPS button (must have GPS enabled on your phone).
3. Tap the "+" button to add a request.
4. Tap the issue type.

5. Tap the camera icon to add a photo (optional).

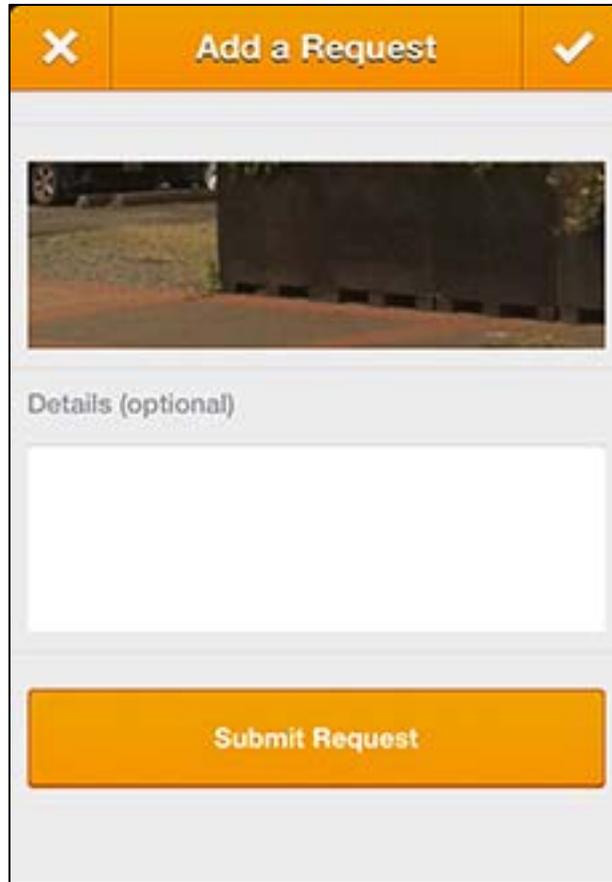

6. Select "Take Photo" to activate your device camera or "Choose Existing Photo" to search photos on your device.

7. Enter request details in the "Details" box (optional).

8. Tap the "Submit Request" button.
