COMPREHENSIVE PLAN MAP AMENDMENT APPLICATION PACKET

COMPREHENSIVE PLAN MAP AMENDMENT APPLICATION – INTRODUCTION

APPLICATION DEADLINE IS FRIDAY, JUNE 7, 2019 AT 5:00 P.M.

What is the Comprehensive Plan Map?

The City's comprehensive plan encompasses the goals, objectives, and policies intended to guide the City's future physical development. The comprehensive plan map applies the aforementioned goals, objectives, and policies to the various areas of the City.

Who may file a map amendment to the Comprehensive Plan?

Individuals, organizations, partnerships, corporations, and public agencies are eligible to submit applications for a comprehensive plan map amendment.

How often is the Comprehensive Plan Map amended?

In accordance with state law, the comprehensive plan is to be amended no more than once per annual cycle and no less than once every seven years. Exceptions to the annual cycle for amendment can be found under Section C of Auburn City Code (ACC) 14.22.060.

How else can the Comprehensive Plan Map be amended?

Any non-site specific comprehensive plan amendment may be submitted, no fees attached, at any time to the Planning Director, who will maintain a list, called the Docket, suggesting changes to or identifying deficiencies within the comprehensive plan. Taking into consideration also, the assessment of the comprehensive plan (based on standards outlined in Section A of ACC 14.22.070), the Planning Director will annually confer with City Council and/or the Planning and Development Committee of the City Council and decide whether or not to consider the proposed amendments for adoption. See ACC 14.22.080 for more information on Docketing.

What is SEPA and how does it apply to Comprehensive Plan map amendments?

Comprehensive plan map amendments may be subject to compliance with the Washington State Environmental Policy Act (SEPA) based on the presence of environmentally critical areas; projects that exceed specific thresholds (e.g. grading, number of dwelling units, timber removal, size of building); projects that require licensing for air emissions or discharges to water; or other factors. WAC 197-11-800 provides the specific thresholds which determine whether SEPA is required. If subject to SEPA, an environmental checklist application must be submitted with the application. After the Notice of Application comment period expires, the Planning Director – who is the City's SEPA Responsible Official - issues a SEPA threshold determination (TD), or other SEPA decision as provided in ACC 16.06, RCW 43.21 and WAC 197-11. The SEPA decision is final unless the TD is appealed or the City revises the TD based on further comments during the appeal period.

COMPREHENSIVE PLAN MAP AMENDMENT APPLICATION – INTRODUCTION [CONTINUED]

If the SEPA Responsible Official issues a Determination of Significance (DS) because of probable significant impacts by the proposal, an Environmental Impact Statement (EIS) will be required before the City makes any decision on this application.

Applications involving complex environmental issues, such as those requiring an EIS, may need to be considered during the following year's amendment cycle.

Why is a Rezone application required to be submitted concurrently with a Comprehensive Plan map amendment application?

Amendments, by nature, change the land use designation of a specific parcel(s) of land on the Comprehensive Plan Map. The City's Zoning Code serves as the primary implementation instrument of the land use designations outlined in the Comprehensive Plan Map. As such, zoning designations must also be altered upon approval of a Comprehensive Plan map amendment in order to maintain consistency between the zoning of the affected parcels and its designated land use per Comprehensive Plan Map. If more than one zoning designation may be implemented for Comprehensive Plan map designation, the application must specify what zone designation is desired.

How long before I am notified if my application is complete?

At the time you submit an application, you must submit all of the written and graphic information listed in this application under "Comprehensive Map Amendment Application Submittal Checklist": Within 28 calendar days of receiving your application, City staff will determine if the application is complete based on the attached checklist. If your application is complete you will be notified in writing by City staff. If your application is not complete, you will receive a letter from City staff detailing required information to make your application complete.

How long before I know the Comprehensive Plan map amendment has been approved or denied?

Current City code requires that all land use decisions be made within 120 days from the date of a complete application submittal, unless an applicant agrees to extend the processing of his/her application longer than 120 days.

Following completion of environmental review and the preparation of a staff recommendation, all comprehensive plan amendment applications received within the annual review cycle will be simultaneously forwarded to the City of Auburn Planning Commission for public hearing in August/September/October. Following the Planning Commission public hearing and recommendation, the City Council will consider the amendments. Final action by the Auburn City Council typically occurs during the month of December.

PLEASE NOTE: Applicants are responsible for complying with all City Codes and ordinances; and should review all City regulations that may be applicable to their proposed project. For assistance in determining which regulations are applicable, please contact the City of Auburn Permit Center.
