PRE-APPLICATION CONFERENCE APPLICATION PACKET

PRE-APPLICATION CONFERENCE - INTRODUCTION

When is a Pre-Application Conference Required?

- Applicants for a building permit, rezone, conditional use permit, SEPA review, subdivision, variance, comprehensive plan amendment or other land use action, permit or approval may find it useful to request a pre-application meeting. The meeting provides you with an opportunity to learn about requirements that apply and to discuss your proposal with City staff prior to making an actual application. The meeting is **optional and voluntary for most City land use applications, but is required for the following:**
 - Multi-family development in the R-10, R-16, R-20 zones subject to the Multi-Family/Mixed Use Design Standards of ACC 18.31.200 (Multi-Family Development & Mixed Use Development Design Standards and Procedures);
 - Mixed use development containing residential living units located within R-10, R-16 and R-20 zones, and all current commercial zones; and,
 - Retirement apartments, congregate living facilities and senior housing complexes located within R-10, R-16 and R-20 zones, and all current commercial zones.
 - Marijuana related businesses

What is the Purpose of a Pre-Application Conference?

- To acquaint the potential applicant with the requirements of the City Codes, the Comprehensive Plan, and other relevant criteria and procedures; and
- Provide a potential applicant with an early opportunity to identify potential major issues and discuss the City's review processes to help expedite permit processing and approvals;
- To acquaint City staff with a potential applicant and application.

Scheduling of a Pre-Application Conference Meeting:

- Pre-Application meetings are typically held on Wednesday mornings at 10:00 a.m. and 11:00 a.m. and are scheduled on a first-come/first-served basis. The City may arrange for a separate meeting, at an alternate day and time for projects that require attention to a limited number of issues or involve fewer Departments than are typically represented.

What does a Pre-Application Conference not do?

- A pre-application conference does not:
 1. Vest an applicant under the existing rules and regulations adopted by the City in effect at the time of the pre-application conference meeting;

PRE-APPLICATION CONFERENCE

2. Provide an exhaustive review of all potential issues;
3. Bind or preclude the City from enforcing all applicable regulations or from applying regulations in a manner differently than may have been indicated in the pre-application conference; and,
4. Constitute **an approval** in any manner of a proposal. The pre-application conference is intended to be informational only.

What is the Application Procedure?

1. Submit a complete Pre-Application Conference application form, together with the required the written and plan information identified in the Pre-Application Conference Submittal Checklist form, and the required fee.
2. Pre-application meetings are scheduled through the City of Auburn Permit Center. You will need to submit the requested materials **a minimum three (3) weeks prior to the regularly scheduled meeting**. You will be notified, within two (2) business days of your submittal, of the time and date of your pre-application conference meeting.
3. At the conference you will meet with staff representatives from the City's Planning Division, Building Division, Engineering Division and Valley Regional Fire Authority who will discuss your proposed project with you.
4. Shortly after the pre-application conference meeting, staff will present you with a meeting summary responding to your proposal and identify applicable Development Code regulations, Comprehensive policies, Engineering regulations and key issues, and requirements for special studies and information including, but not limited to, traffic studies and soil studies. If you bring up additional or new information at the pre-application conference, staff may revise the pre-application conference meeting summary and mail it to you within 14 days of the meeting date.

Some Key Things to Remember:

As you prepare for the pre-application conference, keep in mind the following key things:

- The property you are investigating may have private obligations, such as covenants, conditions and restrictions (CC&R's) to which the City is not a party, may not be aware of at the time of the pre-application conference meeting and does not consider in its review; and,
- You are required to submit the pre-application conference meeting summary document provided by City staff as part of your formal land use application.

VALLEY REGIONAL FIRE AUTHORITY HIGH-PILED COMBUSTIBLE STORAGE OWNER'S STATEMENT OF INTENDED USE

Project Address: _____ Permit Number: _____

Tenant: _____ Telephone: _____

Owner: _____ Telephone: _____

Address: _____ City: _____ State: _____ Zip: _____

Gross Building Area: _____ sq. ft. Designated Storage Area: _____ sq. ft.

Will this storage area be accessible to the public? Yes No

The Valley Regional Fire Authorities review of this project indicates there is the potential for it to be used for high-piled combustible storage as defined by the International Fire Code. If this is the case, special fire protection features may be required above and beyond those specified in the regular building permit plan review.

Please check the appropriate box below, sign and return this form to the Valley Regional Fire Authority at the address listed above. If you have questions, please contact us at (253) 288-5870. If additional fire protection features are required, you will be notified.

This building will not be used for high-piled combustible storage as defined by the International Fire Code:

Storage in piles or on pallets, shelves or racks where the commodity exceeds twelve (12) feet in height, or,

Tires, Group "A" plastics, flammable/combustible liquids, idle pallets or similar high-hazard commodities stacked or stored more than six (6) feet above the floor.

This building will be used for high-piled combustible storage, and will be designed to conform to International Fire Code requirements. A Fire Authority Permit is required for all storage areas more than 500 sq. ft.

NOTE: If you checked this box, the Valley Regional Fire Authority will ask you to provide additional information on the material(s) stored and the method(s) in which they are stored.

This building has no identified tenant at this time. I will notify the tenant that there may be special Fire Authority requirements for high-piled combustible storage, and the tenant will be advised to contact the fire authority for permits prior to occupancy.
