

2014 FENSTER FALL PLANTING PROJECT SATURDAY, OCTOBER 11 VOLUNTEER REGISTRATION FORM

Thank you for your interest in volunteering for the Fall Fenster Nature Planting Project. Volunteers will plant and mulch approximately 8,000 native plants at the Fenster Nature Park along the Green River. The plantings are a part of a larger levee setback project just completed in cooperation with the City of Auburn and King County. The project will improve salmon habitat, and provide floodplain protection from the Green River. Limited tools will be available so volunteers are being asked to bring shovels, pitch forks, wheelbarrows, and gardening or work gloves). Participants are encouraged to wear t-shirts, sweatshirts, hats, or other clothing that identifies their volunteer group.

Please use this form to sign up your group, organization or family using one of the methods below:
