## **Application Process and City Review of Memorial Sign Application.**

The purpose of the Memorial Sign Program is to provide friends and relatives of persons fatally injured in accidents with the opportunity to memorialize them by sponsoring a memorial sign to be erected near the scene of the accident in a safe and consistent manner; and to combat impaired driving and increase the public's awareness of the need to drive safely and responsibly.

An immediate family member, or another person who submits the written consent of an immediate family member, may apply to sponsor a sign memorializing the deceased, including a deceased who caused their own death by being an intoxicated driver or an at-fault driver.

Once a complete application is submitted pursuant to Chapter 12.68 ACC, the City shall review the application and inspect the proposed site for the memorial sign and shall issue a written decision to the applicant as to whether the proposed sign installation is approved or denied.

If the application is approved the applicant must pay the fee set forth in the City of Auburn fee schedule. This fee covers the cost of administration, fabrication and installation of the memorial sign. Sign fees are non-refundable and the City shall retain ownership of the sign. If written opposition is received from any immediate family member after the sign has been installed, the City will remove the sign.

Placement of the sign will be determined by the City and based on safety and site specific requirements in close proximity to where the accident occurred.

The City will not replace signs that are found to be vandalized, damaged, or otherwise missing; however, the applicant may apply for a new sign, including payment of the fee set forth in the City of Auburn fee schedule.

A person may file an application for a memorial sign for an accident that occurred not more than five year prior to the application date.
