Possible Steep Grade Closures

The map shows various streets in the City of Auburn, with specific areas indicating steep grade closures. The streets marked include:

- S 296th Street Sand Pile
- S 316th Street Sand Pile
- 12th Street SE Sand Pile
- Sunset Park Sand Pile

These closures are to ensure safety during severe weather conditions, particularly snow and ice. The map also highlights other routes and sand piles for emergency response. The surrounding cities and political boundaries are also indicated to provide context for the location of these closures.
