THANK YOU FOR YOUR SERVICE
Auburn, Washington is designated by the Veterans Day National Committee and the US Department of Veterans Affairs as a Regional Site for the celebration of Veterans Day 2020 and has been hosting a Veterans Celebration since 1965.

We encourage spectators of the Veterans Vehicle Procession to find a physically-distanced spot from others along the vehicle procession route to cheer the veterans and active military members that are participating in the event. It is imperative that the spectators follow social distancing and other COVID-safety requirements currently in place while viewing the procession.

Participants in the Veterans Vehicle Procession are either a veteran or current member of the military. Other participants in the procession may be part of a veteran service organizations, historic military vehicles or living history group, or another veteran-related groups. There are also a handful of invited guests that are part of the procession. Procession participants will have a flag attached to their vehicle that will allow spectators to identify them and cheer them along the procession route.

You are encouraged to hold up this “THANK YOU FOR YOUR SERVICE” sign as participants in the Veterans Vehicle Procession pass by you along the route.
