Commander Steve Stocker leads Inspectional Services. This department is responsible for managing commendations and allegations of misconduct. The Inspectional Services Commander is also responsible for staff inspections and serves as the Public Information Officer. The Inspectional Services Commander reports directly to the Chief.

Commendations, Inquiries and Allegations of Misconduct (CIA) investigations are designed to allow the agency to look at our department from the eyes of our community members. To meet these demands, we must be a disciplined and well-regulated organization. The report on the next page illustrates how well the Auburn Police Department is perceived to be following our Vision and Mission statements, as well as our stated Manual of Standards.

In 2018, Auburn Police Officers responded to 86,062 Computer Aided Dispatch (CAD) incidents and completed 16,827 case reports. Officers made 4,606 arrests, with 893 of those arrestees being booked into the SCORE Jail, and officers issued 12,243 infractions/citations. All of this activity accounts for only a portion of the personal contacts with our community members that are made by our police officers throughout the year.

As outlined in the Auburn Police Department Manual of Standards (MOS), the CIA system provides a uniform means of reporting, investigating, and documenting Commendations, Inquiries, Allegations of Misconduct and Collision Reviews.

A Commendation is used to recognize actions or performances by members of the police department who act or perform in a manner that is outstanding or beyond what is normally expected. The Commendation process recognizes employees for Professionalism, Exemplary Job, Exemplary Actions, Life Saving and Heroism.

During 2018, there were 93 commendations awarded to a total of 74 employees. Of those, 22 were generated from within the department, and 71 were generated from citizens, businesses and those in the law enforcement community. The commendations included 11 Life Saving Medals, 7 Letters of Commendation, and 4 Medals of Merit.

A Supervisory Inquiry involves a complaint made regarding the quality of service delivery. These complaints vary in degrees from regarding an employee’s demeanor, tardiness, related to customer service, or the nature of a department practice. The employee’s immediate supervisor typically handles this type of complaint. At times, the outcome of the inquiry will be forwarded to the Inspectional Services office, but many times it is not. If an employee has multiple service delivery complaints where the conduct has been determined to be unacceptable then the complaint may be handled and documented as an Internal Investigation.
An Internal Investigation involves a complaint of a possible violation of department standards, written directive, City policy or applicable Civil Service Rules. These allegations include, but are not limited to, complaints of bias based profiling, excessive force, alleged corruption, insubordination, breach of civil rights, false arrest, and other types of allegations of serious misconduct. Below are the 2018 Investigations and Findings:

A Collision Review is conducted whenever an Auburn Police Department employee is involved in a collision while the employee is the driver and on duty, or in a city-owned vehicle while driven by a police department employee. Below are the results of collision investigations:

<table>
<thead>
<tr>
<th>No. of Collisions</th>
<th>19</th>

The number of sustained allegations compared to the number of contacts that employees make every year is extremely low.

The Auburn Police Department works diligently to maintain an open environment where our community members can freely tell us when they are pleased or dissatisfied with our performance. When we receive Commendations, Inquiries, Allegations of Misconduct or an officer is involved in a collision we thoroughly investigate the incident to determine the merit and appropriate response.

Although there is always room for improvement, we believe it can be concluded that we have been successful in fulfilling our Mission and Vision statements and have been providing the utmost in quality law enforcement service to our community.

The Auburn Police Volunteer Program remained very vibrant and supportive in 2019. 28 volunteers contributed 4,000.35 hours throughout the year supporting numerous community program events, as well as many of the above listed Citizens on Patrol missions. The Citizens on Patrol (COP) division of the volunteer program drove 6,514 miles in 2019.

Along with the Citizens on Patrol division, we also have volunteers who help with events and fingerprinting. Volunteers also assist the department with projects of many different levels. We are actively seeking new volunteers. For more information on volunteering with the Auburn Police Department, visit auburnwa.gov/police.
The Community Response Team is a significant resource within the police department to problem solve issues that arise within the city. Problem solving and reducing crime is addressed through tracking all rental properties throughout the city and taking an active role in enforcing the Multi-housing ordinance. CRT Officers review police activity through reports and crime analysis to identify on-going difficulties and coordinate efforts utilizing all city, county and state resources. CRT Officers make every effort to initiate contacts in the city through community meetings and Blockwatch efforts. Additionally, CRT Officers play a large role in collecting and tracking gang intelligence and activity.

CRT Officers perform a slightly different role from officers in the Patrol Division, as they are able to be more pro-active in their duties. They are, however, in uniforms and assigned patrol vehicles. CRT Officers are visible in the community and take an enforcement role to address problems that are identified and will work with the Patrol Division in a collaborative effort.

The Auburn Police Department has hosted a Citizens Academy for over 20 years. Each session we invite citizens to apply to attend this 13 week (40 hour) course that allows people living and/or working in Auburn, to see and experience what our officers and detectives do on a daily basis. The class covers everything from laws and policies, to investigations, K9, Response to Resistance, Police Pursuits, and much, much more. There is usually a waiting list to attend and citizens are encouraged to apply early in order to reserve a spot. FALSE ALARMS

Scarce resources combined with an increased demand for services make responding to false alarms an extreme burden for public safety agencies. Non-critical calls for service, such as false alarms, decrease the amount of time officers spend responding to true emergencies and reduce the number of staff available for crime prevention. Without effectively managing false alarms, the number of false alarms continues to increase every year. With the comprehensive false alarm ordinance in place by the City of Auburn, our officers are freed to spend more time proactively patrolling their districts.
